Working with Web and Mobile Authoring tool Word press to Design Responsive webpage for use on both web and mobile interface.

Aim:

To design responsive webpage for use on both web and mobile interface using Wordpress.

Working with Wordpress Online:

1. Go to the browser and paste the link <https://wordpress.com/>
2. Click on the get started and create a account.
3. Choose free plan as shown in the picture.

The screenshot shows the 'Choose your flavor of WordPress' page. It features five plan options: Personal, Premium, Business, Commerce, and Enterprise. Each plan has a discount offer, a price per month, and a 'Get' button. A dropdown menu at the top allows selecting 'Pay yearly up to 64% off'.

Plan	Type	Offer	Price per month	Description	Action
Personal	Popular	One time discount	₹200	Create your home on the web with a custom domain name.	Get Personal
Premium	Popular	One time discount	₹350	Build a unique website with powerful design tools.	Get Premium
Business	Best for devs	One time discount	₹600	Unlock the power of WordPress with the managed hosting platform built by WordPress experts.	Get Business
Commerce	WooCommerce	One time discount	₹1,440	Build an online store with powerful, integrated premium extensions.	Get Commerce
Enterprise	VIP		₹1,152	Deliver an unmatched performance with the highest security standards on our enterprise content platform.	Learn more

The screenshot shows the 'What are your goals?' step in the WordPress setup process. It asks for user goals and provides a list of checkboxes for selecting them. A 'Continue' button is at the bottom.
